

School Library Donation Policy

The St. Agnes School Library is very appreciative of donations from families in the school and parish communities.

Here are some guidelines that may help determine what is appropriate to donate.

In general, books, videos and DVDs that are in very good condition, add value to the collection, and conform to diocesan selection standards, are gratefully accepted.

There are some items that the school library is unable to accept.

- Encyclopedias
- Books, magazines or other printed materials that are damaged or written in/on
- Individual magazines or incomplete magazine collections
- Books and materials that feature television characters, toys or other recognized brands
- Books and materials for children younger than age four

If you'd like to make a donation, please contact school librarian Kara LaGrassa at klagrassa@saintagnes.org.

Thank you!
