News Media Release for Non-School Special Milk Program Institutions (2022-2023)

Regulations require that agencies annually make available to the media a public release announcing the availability of free milk to all attending children (no separate charge is imposed) without regard to race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity, and the procedure for filing a complaint. It does not have to be printed or broadcast; you need only make it available. You may, of course, include additional information.
